

THE ART OF DOCTRINE

"I'll ask them their name," Medra said. He smiled. "If they'll tell me, they can come in. And when they think they've learned everything, they can go out again. If they can tell me my name." Starving hungry, frustrated, misunderstood, Diamond reached out to hold her again, to make her legs. He studied the ground where some crumbs of fresh dirt lay and the grass was bent. He stroked and feelings in the Grove, and troubled that any thought or feeling could have troubled her there. ores and metals-these great things had always been in the charge of women. "I'll be waiting for him," he said; his man's legs turned to yellow talons, his arms to wide feathered wings, and the eagle flew up and off across the wind. She took the path to the old house. When his ears stopped ringing he stole after her, hoping the charm was working and that this was only her particularly uncouth way of leading him at last to her bed. Nearing the house, he heard crockery breaking. The father, the drunkard, came wobbling out looking scared and confused, followed by Dragonfly's loud, harsh voice - "Out of the house, you drunken, crawling traitor! You foul, shameless lecher!" "He lived here," Dory said, a glimmer of pride breaking a moment through her helpless pain. "The Mage Ath. Long ago. Before he went into the west. All my foremothers were wise women. He stayed here. "And perhaps because such arts have not the power they once had," he said. He did not know himself why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he loved to play. The game had turned to a kind of contest he had not expected but could not put an end to. He was determined now not to win her, but to defeat her. He could not let her defeat him. He must prove to her and himself that his dreams were meaningless. the ship's master, "I'll go ashore in the morning." Nobody on Roke starved or went unhoused, though nobody had much more than they needed. Hidden from the rest of the world not only by sea and storm but by their defenses that disguised the island and sent ships astray, they worked and talked and sang the songs, The Winter Carol and The Deed of the Young King. And they had books, the Chronicles of Enlad and the History of the Wise Heroes. From these precious books the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and

mended their nets. There was a hearth there, and they would light the fire. People came even from farms across the island to hear the histories read, listening in silence, intent. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes..writing. She turned round and went back to the streambank by the little falls. With the packet, which was delivered by one of Golden's carters who had taken a load of spars down to South Port, was a note for Diamond. It said, "True art requires a single heart." The direction on the outside was the Hardic rune for willow. The note was signed with Hemlock's rune, which had two meanings: the hemlock tree, and suffering.. "At least have a bath!" she said..
