The grey man put his arm around Amos' shoulder and took him down to his cabin where the cook brought them a big, steaming platter of sausages and eggs. The ones that have made it waste nothing. It stands to reason that any really ancient deposits of crude oil would have been exhausted in only a few of these cycles. So it must be that what we're thinking of as crude oil must be something a little different It has to be the remains of the last generation." .
